Re: Final Certification Report, Cell 2I  
Charlotte Motor Speedway Landfill V  
Cell 2I, Permit to Operate  
Permit No. 13-04  
Cabarrus County, DIN 13551

Dear Mr. Green:

The Solid Waste Section has reviewed your *Final Certification Report, Cell 2I Construction* report submitted by ACC of North Carolina for Charlotte Motor Speedway Landfill V, dated February 2011 (Doc. ID No. 13309). Please address the following comments.

1. The leachate collection risers, clean-outs, vaults and accessories need to be located on the as-built survey (sheet 5).
2. All financial responsibility requirements must be met including 130A-295.2(h), (the owner or operator of a sanitary landfill shall establish financial assurance sufficient to cover a minimum of three million dollars (\$3,000,000) in costs for potential assessment and corrective action at the facility) before a permit may be issued.

If you have any questions or comments, please contact me at (704) 235-2163, or by email at [john.murray@ncdenr.gov](mailto:john.murray@ncdenr.gov).

Sincerely,

John Murray, P.E.  
Regional Engineer  
Solid Waste Section
